Longitudinal Data Systems, Learning Performance Management Systems, workforce data systems, Unified Early Childhood Data Systems, Shared Learning Environment...what ARE they? And how will they all fit together? Join us to find out more.

This webinar is sponsored by the P-20 Postsecondary and Workforce Readiness Working Group and will be focused on the integration of Illinois' educational data systems. Kim Collins from the Governor's Office of Early Childhood Development, Brandon Williams from the Illinois State Board of Education, and Jason Tyzsko from the Department of Commerce and Economic Opportunity will be presenting.

Please register, and feel free to send the link on to others you feel may be interested.

After registering, you will receive a confirmation email containing information about joining the webinar.
